

Save Green on Your Green Food Scrap Collection Bins!

DISCOUNTED PRODUCTS FOR SUNNYVALE BUSINESSES 2020

The City of Sunnyvale has negotiated product discounts to help our Sunnyvale businesses implement a food scrap collection program as easily as possible. You may choose any interior collection system your business desires, these are only three options for purchasing containers. We have partnered with three vendors—Busch Systems, Starline Supply, and Waxie Sanitary Supply—to offer a variety of container and lid options at discounted pricing. Please carefully review the equipment offered by each vendor then select the vendor that will best meet your needs. Place your order directly with your selected vendor, telling them you are a “Sunnyvale Business.” If you choose to purchase equipment from the list in another color (such as blue recycling containers) you will need to check with your selected vendor about receiving the discounted price.

Vendor: BUSCH SYSTEMS www.BuschSystems.com
